CHRISTMAS STREAMS

This years Christmas Eve will be a special streamed event. Our hope is that you will gather with family, friends and loved ones in your own home on Christmas Eve, tune in, sing together and reflect upon the expectation of Christmas. How simple that first Christmas was, but the wonderful news declared to humanity. Join us at 6PM live at <https://live.fcc.net.nz>. Then you can join us on Boxing Day 26th December at 10AM for a Christmas live stream Sunday morning.

SMALL GROUPS

We know that for a number of Small Groups you will be having a break from gathering over the Festive/Summer Holidays Check in with your Small Group Leaders as to when your final gathering for the year will be. If your Small Group is committing to meeting right through the holidays, we pray that you will continue to be blessed by the fellowship, worship and word you get together over. Whatever you have planned, always stay connected, checking in on one another over the holiday season.

VACCINE CERTIFICATES

If you require assistance getting your Vaccine Certificate from the Ministry of Health website, please see the church office, or contact Jasmine on 020 4177 7916. We are available to help you get sorted for the new Traffic Light system that has come into effect.

OFFICE HOURS OVER HOLIDAY

The Church office will be closed from Christmas Eve through until Monday 10 January 2022. During this time we pray that you have a great Christmas and Holiday season. There will still be two Sunday services 8:30am (No Pass Required) and 10:30am (Pass Required) each week. You can still contact the church and leave a message on the phone and we will check it daily, or message us through our facebook page.

MISSED A SERMON?

Did you know you can catch up on any Sermons that you've missed online? Frustrated that you missed a message that was part of a great series from our pastors? Head to our church website www.fcc.net.nz and there you'll find previous sermons for you to checkout. You can also visit live.fcc.net.nz where you can find the previous streams of our services.
